Environmental Impact Assessment Review
25 (2005) 103–113
ELSEVIER
Environmental Impact Assessment Review
www.elsevier.com/locate/eiar

SUBJECT INDEX FOR VOLUME 24

A

Accountability
Integrating health impact assessment into the triple bottom line concept, 151

Aggregation
Decision aid systems for evaluating sustainability: a critical survey, 441

Air Pollution
Pollution prevention at ports: clearing the air, 749

Alternatives assessment
Reducing the harms associated with risk assessments, 733

Alternatives assessment
The precautionary principle stimulus for solutions- and alternatives-based environmental policy, 801

Analytical chemistry
Non-regulated water contaminants: emerging research, 711

Asia
Development and implementation of Strategic Environmental Assessment in Taiwan, 337

Assessment panels
Strategic environmental assessment quality assurance: evaluating and improving the consistency of judgments in assessment panels, 3

Auditing
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537

Axiomatic analysis
Decision aid systems for evaluating sustainability: a critical survey, 441

B

Benign by design
Green chemistry, 775

Brazil
Follow-up of a road building scheme in a fragile environment, 47

Bulgaria
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473

C

Canada
A state-of-practice survey of policy, plan, and program assessment in Canadian provinces, 351

Capacity building
EIA models and capacity building in Viet Nam: an analysis of development aid programs, 283

0195-9255/$ – see front matter © 2005 Elsevier Inc. All rights reserved.
doi:10.1016/S0195-9255(04)00145-3

Case studies
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617
Cement
Health impact assessment of proposal to burn tyres in a cement plant, 207
Central and Eastern Europe
Health impact assessment in CEE region: case of the former Czechoslovakia, 169
Civic intelligence
Developing a civic intelligence: local involvement in HIA, 231
Civil society
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473
Class
Not so Black and White: environmental justice and cumulative impact assessments, 667
Coastal
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537
Common Agricultural Policy
Conducting an HIA of the effect of accession to the European Union on national agriculture and food policy in Slovenia, 177
Community participation
Walking the walk? Community participation in HIA
A qualitative interview study, 217
Community participation
Promoting sustainable regeneration: learning from a case study in participatory HIA, 255
Consensus
Strategic environmental assessment quality assurance: evaluating and improving the consistency of judgments in assessment panels, 3
Consistency
Strategic environmental assessment quality assurance: evaluating and improving the consistency of judgments in assessment panels, 3
Container port development
An analysis of the benefits of a cross-sectoral approach to a prospective health impact assessment of a container port development, 199
Contentious projects
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617
Contingent valuation method
The contingent valuation method: a review, 89
Cross-sectoral approach
An analysis of the benefits of a cross-sectoral approach to a prospective health impact assessment of a container port development, 199
Cumulative impact
Attention to impact pathways in EISs of large dam projects, 59

D

DEA
The assessment of vulnerability to natural disasters in China by using the DEA method, 427
Decision-making
Strategic environmental assessment quality assurance: evalu-

ating and improving the consistency of judgments in assessment panels, 3
Decision-making
Exploring the relation between evidence and decision-making
A political-administrative approach to health impact assessment, 139
Decision-making
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Decision making
Views on planning and expectations of SEA: the case of transport planning, 519
Decision-making
Reducing the harms associated with risk assessments, 733
Decision-making process
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Decommissioning
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617
Design
Exploring the relation between evidence and decision-making
A political-administrative approach to health impact assessment, 139
Developing countries
EIA models and capacity building in Viet Nam: an analysis of development aid programs, 283
Development aid
EIA models and capacity building in Viet Nam: an analysis of development aid programs, 283
Diesel
Pollution prevention at ports: clearing the air, 749
Disabled children
Partnership with parents and disabled children. HIA of the All-Inclusive Wraparound Project for children with a disability, 245

E

EC Directive
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Ecological planning
A model to predict impervious surface for regional and municipal land use planning purposes, 363
EIA
Development and implementation of Strategic Environmental Assessment in Taiwan, 337
EIA
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
EIA
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473
EIA evolution
EIA systems in Nigeria: evolution, current practice and shortcomings, 643

EIA shortcomings
EIA systems in Nigeria: evolution, current practice and shortcomings, 643
EIA systems
EIA systems in Nigeria: evolution, current practice and shortcomings, 643
Embedding
The contingent valuation method: a review, 89
Emerging pollutants
Non-regulated water contaminants: emerging research, 711
Energy efficiency
HIA of the Health through Warmth Scheme, 269
Enforcing framework
Framework and operational procedure for implementing Strategic Environmental Assessment in China, 27
Environment
Human exposure, health hazards, and environmental regulations, 695
Environmental assessment
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Environmental decision-making
Community participation and environmental decision-making in the Niger Delta, 495
Environmental impact assessment
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Environmental Impact Assessment
The role of science in environmental impact assessment: process and procedure versus purpose in the development of theory, 403
Environmental Impact Assessment
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617
Environmental impact assessment
Comparative assessment of EIA systems in MENA countries: challenges and prospects, 553
Environmental impact assessment
Conceptualising sustainability assessment, 595
Environmental impact assessment (EIA)
Community participation and environmental decision-making in the Niger Delta, 495
Environmental impact assessment (EIA)
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537
Environmental impact assessment models
EIA models and capacity building in Viet Nam: an analysis of development aid programs, 283
Environmental Impact Statement (EIS)
Attention to impact pathways in EISs of large dam projects, 59
Environmental justice
Not so Black and White: environmental justice and cumulative impact assessments, 667
Evaluation
Exploring the relation between evidence and decision-making

A political-administrative approach to health impact assessment, 139
Expert judgment
Strategic environmental assessment quality assurance: evaluating and improving the consistency of judgments in assessment panels, 3
Exposure
Human exposure, health hazards, and environmental regulations, 695
Exposure
Non-regulated water contaminants: emerging research, 711

F

Feasibility
Decision aid systems for evaluating sustainability: a critical survey, 441
Follow-up
Follow-up of a road building scheme in a fragile environment, 47

G

Green chemistry
Green chemistry, 775

H

Health
Human exposure, health hazards, and environmental regulations, 695
Health impact assessment
Integrating health impact assessment into the triple bottom line concept, 151
Health impact assessment
Health impact assessment: where does the law come in?, 161
Health impact assessment
Health impact assessment in CEE region: case of the former Czechoslovakia, 169
Health impact assessment
Health contribution to local government planning, 189
Health impact assessment
An analysis of the benefits of a cross-sectoral approach to a prospective health impact assessment of a container port development, 199
Health impact assessment
Walking the walk? Community participation in HIA
A qualitative interview study, 217
Health impact assessment
Developing a civic intelligence: local involvement in HIA, 231
Health Impact Assessment
HIA of the Health through Warmth Scheme, 269
Health impact review
Health contribution to local government planning, 189
Health improvement modernisation plan
Health contribution to local government planning, 189
Health inequalities
Promoting sustainable regeneration: learning from a case study in participatory HIA, 255
Health through Warmth
HIA of the Health through Warmth Scheme, 269
Highways
Follow-up of a road building scheme in a fragile environment, 47

Human rights
Health impact assessment: where does the law come in?, 161

I

Impact assessment
Follow-up of a road building scheme in a fragile environment, 47
Impact assessment
Exploring the relation between evidence and decision-making
A political-administrative approach to health impact assessment, 139
Impact assessment
Transport policy making and SEA in Liverpool, Amsterdam and Berlin—1997 and 2002, 319
Impact assessment
Not so Black and White: environmental justice and cumulative impact assessments, 667
Impact pathway
Attention to impact pathways in EISs of large dam projects, 59
Indoor air
Human exposure, health hazards, and environmental regulations, 695
Inequality
Not so Black and White: environmental justice and cumulative impact assessments, 667
Integration of environment and development in decision-making (IEDD)
Framework and operational procedure for implementing Strategic Environmental Assessment in China, 27
Intersectoral policy
Conducting an HIA of the effect of accession to the European Union on national agriculture and food policy in Slovenia, 177
Island
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537

L

Large dam project
Attention to impact pathways in EISs of large dam projects, 59
Laws
Human exposure, health hazards, and environmental regulations, 695
Lay knowledge
Developing a civic intelligence: local involvement in HIA, 231
Legislation
A state-of-practice survey of policy, plan, and program assessment in Canadian provinces, 351
Local involvement
Developing a civic intelligence: local involvement in HIA, 231

M

Mauritius
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537

Middle East and North Africa countries
Comparative assessment of EIA systems in MENA countries: challenges and prospects, 553
Monitoring
Evaluation of the EIA system on the Island of Mauritius and development of an environmental monitoring plan framework, 537
Multi-criteria decision support systems
Decision aid systems for evaluating sustainability: a critical survey, 441

N

Natural disasters
The assessment of vulnerability to natural disasters in China by using the DEA method, 427
Nature parks
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473
Nigeria
Community participation and environmental decision-making in the Niger Delta, 495
Nitrogen oxides
Pollution prevention at ports: clearing the air, 749
NOAA
The contingent valuation method: a review, 89
Nuclear power plants
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617

O

Operational procedure
Framework and operational procedure for implementing Strategic Environmental Assessment in China, 27
Options analysis
The precautionary principle stimulus for solutions- and alternatives-based environmental policy, 801
Outranking
Decision aid systems for evaluating sustainability: a critical survey, 441

P

Participation
Health impact assessment of proposal to burn tyres in a cement plant, 207
Partnership
Partnership with parents and disabled children. HIA of the All-Inclusive Wraparound Project for children with a disability, 245
Partnership working
Health contribution to local government planning, 189
Physical environment
Follow-up of a road building scheme in a fragile environment, 47
Planning
The precautionary principle stimulus for solutions- and alternatives-based environmental policy, 801
Policy
Health impact assessment in CEE region: case of the former Czechoslovakia, 169
Policy making
Transport policy making and SEA in Liverpool, Amsterdam and Berlin—1997 and 2002, 319
policy-SEA
Transport policy making and SEA in Liverpool, Amsterdam

and Berlin—1997 and 2002, 319
Pollution
Human exposure, health hazards, and environmental regulations, 695
Pollution prevention
Pollution prevention at ports: clearing the air, 749
Pollution prevention
Green chemistry, 775
Pollution prevention
The precautionary principle stimulus for solutions- and alternatives-based environmental policy, 801
Port
Pollution prevention at ports: clearing the air, 749
PPCPs
Non-regulated water contaminants: emerging research, 711
PPP assessment
A state-of-practice survey of policy, plan, and program assessment in Canadian provinces, 351
Precautionary principle
Reducing the harms associated with risk assessments, 733
Precautionary principle
The precautionary principle stimulus for solutions- and alternatives-based environmental policy, 801
Provincial EA
A state-of-practice survey of policy, plan, and program assessment in Canadian provinces, 351
Public health
Not so Black and White: environmental justice and cumulative impact assessments, 667
Public hearings
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473
Public participation
Public hearings for EIAs in post-communist Bulgaria: do they work?, 473
Public participation
Community participation and environmental decision-making in the Niger Delta, 495
Public participation
Public participation in EIA of nuclear power plant decommissioning projects: a case study analysis, 617

R

Race
Not so Black and White: environmental justice and cumulative impact assessments, 667
Rapid appraisal workshops
Conducting an HIA of the effect of accession to the European Union on national agriculture and food policy in Slovenia, 177
Reducing intrinsic hazard
Green chemistry, 775
Regeneration
Walking the walk? Community participation in HIA
A qualitative interview study, 217
Regional planning
A model to predict impervious surface for regional and municipal land use planning purposes, 363
Regional vulnerability
The assessment of vulnerability to natural disasters in China by using the DEA method, 427

Regulations
Human exposure, health hazards, and environmental regulations, 695
Research
The role of science in environmental impact assessment: process and procedure versus purpose in the development of theory, 403
Risk analysis
Reducing the harms associated with risk assessments, 733
Risk assessment
Reducing the harms associated with risk assessments, 733
Risk management
Reducing the harms associated with risk assessments, 733
Risk perception
Non-regulated water contaminants: emerging research, 711
River basin
Attention to impact pathways in EISs of large dam projects, 59
Role of science
The role of science in environmental impact assessment: process and procedure versus purpose in the development of theory, 403

S

SEA
Development and implementation of Strategic Environmental Assessment in Taiwan, 337
Shipping
Pollution prevention at ports: clearing the air, 749
SIA
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Social inclusion
Partnership with parents and disabled children. HIA of the All-Inclusive Wraparound Project for children with a disability, 245
Social welfare theory
Decision aid systems for evaluating sustainability: a critical survey, 441
Stakeholder
Community participation and environmental decision-making in the Niger Delta, 495
Strategic assessment
A state-of-practice survey of policy, plan, and program assessment in Canadian provinces, 351
Strategic environmental assessment
Strategic environmental assessment quality assurance: evaluating and improving the consistency of judgments in assessment panels, 3
Strategic environmental assessment
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Strategic environmental assessment
Views on planning and expectations of SEA: the case of transport planning, 519
Strategic environmental assessment
Conceptualising sustainability assessment, 595
Strategic Environmental Assessment
Development and implementation of Strategic Environmental Assessment in Taiwan, 337

Strategic Environmental Assessment (SEA)
Framework and operational procedure for implementing Strategic Environmental Assessment in China, 27
Structure plan
Health contribution to local government planning, 189
Support
Partnership with parents and disabled children. HIA of the All-Inclusive Wraparound Project for children with a disability, 245
Sustainability
Community participation and environmental decision-making in the Niger Delta, 495
Sustainability impact assessment
Analytical strategic environmental assessment (ANSEA) developing a new approach to SEA, 385
Sustainable development
Promoting sustainable regeneration: learning from a case study in participatory HIA, 255
Sustainable development
Development and implementation of Strategic Environmental Assessment in Taiwan, 337
Sustainable development
Community participation and environmental decision-making in the Niger Delta, 495

T

Taiwan
Development and implementation of Strategic Environmental Assessment in Taiwan, 337
Theory
The role of science in environmental impact assessment: process and procedure versus purpose in the development of theory, 403
Transport planning
Transport policy making and SEA in Liverpool, Amsterdam and Berlin—1997 and 2002, 319
Transport planning
Views on planning and expectations of SEA: the case of transport planning, 519
Triple bottom line
Integrating health impact assessment into the triple bottom line concept, 151
Triple bottom line
Conceptualising sustainability assessment, 595
Tyre-burning
Health impact assessment of proposal to burn tyres in a cement plant, 207

U

UK law
Health impact assessment: where does the law come in?, 161
Urban water management
Decision aid systems for evaluating sustainability: a critical survey, 441

V

Viet Nam
EIA models and capacity building in Viet Nam: an analysis of development aid programs, 283

W

Water pollution
Non-regulated water contaminants: emerging research, 711

Water quality
A model to predict impervious surface for regional and municipal land use planning purposes, 363

Water reuse/recycling
Non-regulated water contaminants: emerging research, 711

Watershed management
A model to predict impervious surface for regional and municipal land use planning purposes, 363

Willingness to pay
The contingent valuation method: a review, 89
